'Pæchwork/ Collection

The purity of ceramic sketches a new icon for the contemporary bathroom. Piero Lissoni signs 'Pæchwork/ Collection, the new range of tiles, sanitary fixtures, faucets and accessories. A project defined by the minimalist touch of Piero Lissoni, who investigated new expressive potential of ceramic, transferring its spirit from tiling to the bathroom collection. COTTO, flagship brand of SCG, leading conglomerates in Asean, among the few international firms that offer a complete solution for the bathroom, testify with 'Pæchwork/ Collection the desire to further assert itself in Western markets through unique collections conceived for a cosmopolitan audience.

La purezza della ceramica delinea una nuova icona per il bagno contemporaneo. Piero Lissoni firma 'Pæchwork/ Collection, inedita gamma di rivestimenti, sanitari, rubinetteria e complementi. Un progetto dalla leggera impronta minimalista per il quale Piero Lissoni ha indagato nuove potenzialità espressive della ceramica, trasferendone lo spirito dal rivestimento alla collezione bagno. Simbolo della forza del marchio, flagship brand di SCG, leader nel Sud-Est Asiatico, tra le poche realtà internazionali con una proposta completa per il bagno, 'Pæchwork/ Collection testimonia la volontà di COTTO di affermarsi sempre di più sui mercati occidentali grazie ad esclusive proposte pensate per il pubblico cosmopolita.
