PROJECT REFERENCE

SCG GUEST HOUSE
(THE SIAM CEMENT GROUP)

The colonial architecture designed by Mr. E. G. Bolo, was built in 1914 for the Danish engineers and industrial managers to stay overnight.

SUVARNABHUMI

SUVARNABHUMI International Airport has renovated its restrooms in all areas. They are constructed and decorated under the concept of “The Miracle of Their”.

SETTHASIRI

SETTHASIRI: a luxurious house with Modernized Bangkok style set of “Eco through nature” concept from Sartini’s project.

DONMUANG

DONMUANG International Airport has renovated its restrooms to be more modern, exciting and luxurious to impress visitors, named it as “The World’s Pleasure Airport by COTTO.”

SIAM PARAGON

COTTO cooperation with Major Cheapel Group to create luxurious bathrooms under the “Greenfield” concept at the flagship cinema in Siam Paragon, downtown Bangkok.
SUNRISE White
SUNSET Gold
MIDNIGHT Black

‘SENSE OF SCIROCCO’ is the series of deck mount faucet with special color finishing in 3 unique chromatics: Sunrise White, Sunset Gold and Midnight Black, representing the mood of light reflection on the water that changes through times in a day, inspired by Mediterranean sensational scenery.

WORLD-CLASS TILES AND SANITARY WARE
MUSE Series

Amusement from the Sense of Music

With the help of Bluetooth connection, Muse Rain Shower features an entertaining function, allowing you to listen to your favorite music automatically when turning on the water. Featuring a water-proof speaker, Muse Rain Shower also enables users to receive a phone call while taking a shower via Bluetooth at the same time. For more convenience, electricity is not required; the shower uses hydro-power generator as its power source.

Z001(HM)
Move 3 Fn. Hand Shower

COTTO MOVE
Inspired by the majestic and powerful Victoria waterfall that you have never met before, MOVE Spray gives you a chance to experience an elegant spray pattern with vibrant & unique showering experience from COTTO MOVE.
Discover the new handrail accessory for your safety. With the "Universal Design", the new handrails are made of real natural wood and stainless steel, making it strong and safe. Having been processed delicately, the two materials are joined firmly for more pleasant and safety touch while feeling a sense of nature.

Mellow has been designed under “Ergonomics” concept, allowing the elderly to use the product more easily with a firm handle & big button. Using less pushing pressure, Mellow is an ideal rinsing spray for everyone, especially the elderly.

**NATURA SERIES**

Strong materials, supporting up to 120 kilograms

- Durable, with up to 50 years (depending on usage condition)

- Unlike general handrails, the delicate wood gives you a sense of natural atmospheres to your bathroom.

- Resistant to fungus and insects

- Eco-friendly manufacturing process

- Made from premium “Radiata” pine authorized by FSC organization

**NEW ARRIVAL**

- **CT0165**
  Handrail L-Shape

- **CT0166**
  Handrail L-Shape with Slide bar for Shower

**CT0161**
Linear Handrail 50 cm.

**CT0162**
Handrail 60 cm. / L-Shape

**CT0163**
Handrail 43.5 cm. / V-Shape

**CT0164**
Support Arm (Foldable

**HYGIENIC RINSING SPRAY**

- **JET FLOW**
- **GENTLE FLOW**

**MELLOW MINI HANDLE**

With a mini Handle, users can adjust the type of water flow patterns conveniently simply by pushing up the handle to have a JET FLOW and pushing down to have a GENTLE FLOW.

**2 WATER FLOW PATTERNS**

- **JET FLOW**
  Thoroughly clean

- **GENTLE FLOW**
  More soft touch with air bubble

Remark:
The water pressure must not exceed 3 bars. In case the water pressure is higher than this, it is recommended to install the rinsing spray in conjunction with pressure limiter (Z2000) included.
COTTO CLEAN
An innovative new faucet and sink faucet with heavy metal control such as zinc, lead, cadmium and copper for maximum safety throughout the usable life.

EXTRA CHROME
Shining and heat-resistant with the 8-micron of Nickel-Chromium coat.

SMOOTH CARTRIDGE
Open and close conveniently with a smooth cartridge.

LIFE TIME CERAMIC VALVE
Valve is Made from ceramic with lifetime guarantee.

SOLID BRASS
Made of extended quality brass.

STAINLESS MADE
Made from durable and premium SUS 304 (or grade 18-8) stainless with rust prevention.

UNIVERSAL CARE
Products that are designed to fit, everyone (gender, age, health condition), giving convenience and safety.

DOUBLE INFRARED BEAM
More accuracy with twofold sensor.

MOISTURE PROTECTION
Sensor set and circuit are water and dampness-resistance.

PLUG AND PLAY
Ready to use after installation.

ANTI GHOST EFFECT
Prevent reflection of the users and other bathroom accessories.

ELECTROMAGNETIC APPROVED
Free from electromagnetic.

ENERGY SAVER
Energy-saving when using.

AUTOMATIC SHUT OFF TIME 40s
Water automatically stops after flowing for 40 sec.

EASY CLEAN

COTTO PROs product

The Right Choice, The Right Solution

Another innovation for stop valve installation which differentiates itself from any other concealed stop valves.

- Flexible installation
  Easy to install with every type of wall at any depth (i.e. brick wall, smart board wall)

- Easy to maintain
  Effortless maintenance without the need to break the tiles or dismantle the wall

- Freestyle use
  Able to use in conjunction with general concealed mixer stop valve and concealed mixer stop valve with diverter

Wall Type

- Grooved concrete wall
  Wall with pre-designated piping grooves (for COTTO PROs) installed by drift-and-embossed process, including the additional installation of supporting unit.
  - Use: Smartboard, Smartboard is embedded with the metal structure

- Double wall with offset and no offset
  - Rock wall with adjustable thickness as required
  - On offset
  - Offset used with wall with heat insulator which contributes to extra wall thickness.
Aqua~Twins

Switch usage function by your finger tip.

An innovative dual-action kitchen faucet for your choices of using

Aqua-twins is the combination of drinking and utility water functions in one faucet. The utility water is controlled by moving handle and the drinking water is controlled by the knob which clearly labelled “drinking water”. Drinking water is filtered through 3M filtering machine which is certified by the NSF International with the NSF 43 and 53 standards. The filtering machine can be easily connected to the Aqua-twins and the water direction can also be changed simply by turning the spout left or right, for your convenience in every use.

CONVENIENT

2 in 1 tap provides both drinking water and water usage.

CLEAR

With 3M filter, drinking water is clean and safe.

CLEAN

Clever Look

With the production process which controls contaminants, water from the faucet is clean.

3M Filter

3M water filter is guaranteed by the standards of NSF 42 and 53. Durability: 7,200 liters or 6-12 months depending on usage.

* Suitable for water that passes the standard according to waterworks authority

* IP No.:1301101752
